IC3 Fast Track is a digital literacy skills assessment that can be used to gauge the skill set of incoming students or job candidates.

The IC3 Fast Track assessment is based on the globally recognized IC3 Digital Literacy Certification standard. Each question in the IC3 Fast Track addresses the objectives of specific IC3 exams:

IC3 LIVING ONLINE   **IC3 KEY APPLICATIONS**   **IC3 COMPUTING FUNDAMENTALS**

Rather than individual pass or fail scores, the IC3 Fast Track exam reports on how the candidate performed on each question, allowing teachers to determine what they feel is a valid cut score or passing grade depending on the requirements of the institution.

The IC3 Fast Track includes some reporting capabilities that give the administrators a number correct and number incorrect responses for each student. The assessment also provides detailed summary reports to enable administrators to track a student's progress for each of the objectives.
